Subject: Gorge Dam - Bulkhead Wall Investigation Site Visit Request

Hi Heather – The Jacobs' drilling subcontractor who will be installing the geotech borings at the former power plant site would like to visit the site on Wednesday, August 25 at 2 pm EDST. We plan to have a Jacobs representative meet the driller at the gate and escort them around. Is there someone from City of Akron that can meet our team at the gate at 2 pm or open the gate earlier in the day and we will close it and notify you when the site visit is complete?

Please let me know if the date and time are acceptable to you.

Cheers!

Bill
